#LI-Remote

Lead the strategy and evolution of external expert engagement across the Neuroscience therapeutic area, partnering with leading Medical Experts and senior cross-functional stakeholders to shape business strategy, strengthen brand positioning, and drive organizational impact. As a key marketing leader and National Director, External Expert Engagement, Neuroscience, you will translate insights from the healthcare landscape into innovative engagement strategies that advance business objectives, elevate customer experiences, and influence enterprise-wide decisions. This highly visible role requires exceptional strategic leadership, executive presence, and collaboration across Marketing, Medical, Advocacy, Congress Strategy, Compliance, and senior leadership teams to deliver measurable impact at a national scale.

This position can be based remotely anywhere in the U.S. (there may be some restrictions based on legal entity). Please note that this role would not provide relocation as a result. The expectation of working hours and travel (domestic and/or international) will be defined by the hiring manager.

About the Role

Key Responsibilities:

- Define, identify and maintain composition of Medical Expert (ME) universe (Tier 1, Tier 2 and Rising Stars) within defined scope in partnership with key stakeholders
- Conduct and/or orchestrate cross-functional 1:1 engagements with Tier 1 (and high value Tier 2 and rising stars, workload permitting) MEs to gain post-approval insights/feedback related to market dynamics, competitive landscape, marketing strategy, tactical execution, patient journey, referral/treatment landscape, product profile, etc. to inform development and integration of Marketing Strategy (IMST, HCP Education, Congress Strat) and other business partners (as defined by marketing SPOC)
- In partnership with Marketing Strategy, develop advisory board and consultancy submissions, and support execution through active participation or nomination of potentially relevant ME advisors or consultants
- Collaborate with Medical Affairs to identify, nominate and/or deploy ME(s) against specific market-related situations/needs (e.g. Payer initiative, Access challenge, etc.)
- Schedule, coordinate and execute cross-functional engagements with Tier 1/2 MEs (e.g. site visits, executive/leadership engagements, immersion days, etc.)
- Serve as a key point of contact between defined ME universe and Novartis to help direct MEs to the appropriate Novartis team or associate for additional engagement/follow up
- Collaborate with key stakeholders (HCP Education Delivery, Marketing Strategy, Field Leadership, Medical Affairs, Compliance, etc.) on format, design and delivery of commercial educational programs
- Serve as moderator and/or faculty for educational activities e.g. Peer Exchange Programs (PXP)
- Support identification and approval of Novartis commercial engagement at regional/local conferences, state society meetings and other events (as permitted by policy), including representing Novartis at these events, in collaboration with cross-functional partners
- Develops and executes a cohesive ME engagement plan for commercial purposes at identified national and regional congresses in consultation and partnership with key stakeholders (Congress Strategy, Marketing Strategy, Field Leadership, Medical Affairs)

Essential Requirements:

- Bachelor's degree in related field, MBA or Advanced degree preferred
- At least 7 years of Thought Leader Liaison (TLL), Account Management or related experience
- Minimum 5 years' experience in assigned disease area preferred, but required in Specialty Sales; with strong working knowledge of thought leaders, institutions, and systems in this space
- Strong knowledge of healthcare and/or pharmaceutical industry with proven ability to develop productive relationships with physicians and other Healthcare Professionals
- Strong analytical skills and presentation skills
- Ability to think creatively and conceptually
- Ability to develop and execute key strategies
- Financial/budgetary experience

Desirable Requirements:

- At least 2 years of line management/people management experience

Novartis Compensation Summary:

The salary for this position is expected to range between \$185,500 and \$344,500 per year.

The final salary offered is determined based on factors like, but not limited to, relevant skills and experience, and upon joining Novartis will be reviewed periodically. Novartis may change the published salary range based on company and market factors.

Your compensation will include a performance-based cash incentive and, depending on the level of the role, eligibility to be considered for annual equity awards.

US-based eligible employees will receive a comprehensive benefits package that includes health, life and disability benefits, a 401(k) with company contribution and

match, and a variety of other benefits. In addition, employees are eligible for a generous time off package including vacation, personal days, holidays and other leaves.

Why Novartis: Helping people with disease and their families takes more than innovative science. It takes a community of smart, passionate people like you. Collaborating, supporting and inspiring each other. Combining to achieve breakthroughs that change patients' lives.
